

# PEACE AND REFUGE.

Peace!

Peace.

In calm trust let Love's light welcome in, revealing no darkness.

The stirrings of false sense are stilled.  
All sinful thoughts are silenced, and are no more.

For fear and sin dissolve, faced with Omnipotence,  
Pain washes away, in the salve of Pure Harmony.  
Belief is destroyed by God's All-Truth.

Enfolded in the softness and strength of your Father-Mother,  
Find yourself re-borne in His tender arms,  
Conscious only of Her perfect Love, the infinity of "I AM THAT I AM".

See God's Love as the whole of your thought:  
God's Love as the very depth and activity of your being.

And that Love will reflect in your love for God, for yourself, for your neighbour.

*And do you then find peace and rest?*

Oh Yes! The infinite peace and refuge of God are all ours.
