LISTEN

LISTEN……

The WORD is speaking…..

The LOGOS of eternity declaring itself, its power, its LOVE, -

Embracing the world of its dictation.

Feel its presence by hearing, knowing:

“YOU ARE MY THOUGHT.”

The fresh breath of SPIRIT blows away the chaff and dream of mortality:-

Harvest the abundant field of present perfection,

Taste the full-grown wheat,

Understand the fullness of what you already are, of all that is.

The rustle of inspiration embraces consciousness, speaks:

“YOU ARE FREE.”
